

## Wildchild Blog:

### Finding your inside wildside

Hi there! I'm Kathryn, the Wildchild Officer for Transforming the Trent Valley.

Thank you for joining me for another blog post.

This post is a

### Egg-Box Challenge

Like many people at the moment I been baking a bit, so now have an empty egg box!

There are many great ideas that you can use an egg box for including...

- *Planting seeds - added bonus that the box is biodegradable, so you can just bury it in the soil.*
- *Making an animal - using the cups to make different animals (definitely something I am going to try next, so stay tuned!)*

But for this post the challenge is a 'fill the box scavenger hunt'.

I painted each cup a different colour, then had to look round the garden for something that represented that colour.

Try it at home see what you can find in your garden or around the house.

*No paint, no problem just look for different sized objects or six objects all the same colour.*
